

MODUL University Vienna is an international private university owned by the Vienna Chamber of Commerce and Industry, the largest provider of private education in Austria. The university campus is located on Kahlenberg, a scenic hill with a spectacular view of the capital of Austria. Since 2007, MODUL University Vienna offers cutting-edge education (BBA, BSc, MSc, MBA and PhD study programs) in the areas of international management, new media technology, public governance, sustainable development, and tourism and hospitality management.

## Position Announcement (Ref No. APNMT0917) **Assistant Professor in New Media Technology**

The Department of New Media Technology ([www.modul.ac.at/nmt](http://www.modul.ac.at/nmt)) is seeking an outstanding scholar at the Assistant Professor level to jointly advance the state of the art in one or more of the following disciplines: Web Intelligence, Big Data, Social Media Analytics, Knowledge Extraction, Content Mining, Linked Data, Semantic Search, or Information Visualization.

We invite you to join a dynamic and innovative research team and collaborate with international organizations as part of high-profile showcases such as the UNEP Live Web Intelligence Portal ([unep.ecoresearch.net](http://unep.ecoresearch.net)) and the U.S. Climate Resilience Toolkit ([toolkit.climate.gov](http://toolkit.climate.gov)), and European H2020/FP7 research projects such as [InVid-Project.eu](http://InVid-Project.eu) and [PHEME.eu](http://PHEME.eu).

The successful candidate will teach courses in graduate and undergraduate programs offered by MODUL University Vienna ([www.modul.ac.at/study-programs](http://www.modul.ac.at/study-programs)). The teaching load for this position is five weekly units per semester – each unit equals 45 minutes in the class room.

### Essential Qualifications

- Doctorate in business informatics, computer science, management information systems, business administration, or a closely related field.
- Outstanding track record in terms of publications and research project experience.
- Strong analytical skills; ability to supervise and participate in software development efforts.
- Teaching experience and commitment to conduct engaging lectures and seminars.
- Willingness to contribute to the internal services of the university.
- Excellent written and spoken English (German is not a requirement).

### **Salary and Application Process**

The position will remain open until filled. MU Vienna offers five-year contracts with the option to renew after a performance evaluation. The initial salary is EUR 55,000 before taxes, with additional remuneration for extra teaching and outstanding scholarship. As per Austrian regulations, social security including health, pension, occupational accident and unemployment insurance is covered by the terms of the employment. Please send your application including cover letter, CV and list of publications to [maximilian.lang@modul.ac.at](mailto:maximilian.lang@modul.ac.at) (English or German; preferably as a single PDF file up to 8 MB).

MODUL University Vienna is an equal opportunity employer with a strong commitment to equality and diversity that does not discriminate on the basis of disability, gender or gender expression, sexual orientation, age, social class, national origin, religion, ethnicity, race or color. We especially encourage qualified women and members of minority groups to apply and welcome all applications that can contribute to a diverse working culture.
